

## OPERATION & MAINTENANCE SEMINARS 2011

We are pleased to offer a service seminar designed to assist with the operation, maintenance and safe use of rock crushing and screening equipment. The seminar will include classroom materials suitable for a new employee or as a refresher for long term employees as well as hands on shop instruction. Training topics will include cone and jaw crushers, screens, and conveyors. In addition, several of our manufacturers will be in attendance to answer questions and provide information. The seminar is free of charge and will be held from 8:00 AM to 4:00 PM with lunch provided at the Salt Lake City, Kimball Equipment Company facility, 2839 California Avenue. Please Call Lucinda Stratton at (801) 972-2121 to reserve your place for either February 17<sup>th</sup> or 18<sup>th</sup> of 2011. We are also available to present a customized service seminar for your employees either at our facility or at your location. If you have any questions contact John Kimball at (801) 972-2121 for details.
